Gentlemen.

Yours of Oct 31 arrived Nov 4. Since which time owing to my wife's sickness and other duties I've only had time to answer. I return herewith the 1826 half cent. it is a beauty but I had secured already one quite as fine as my collection will bear. As to the $1000.00 Confederate. the price asked by them owing both as I have been out of my reach at present. thanks however for your kind offer. I find on looking over my Confederate collection that I have no

of "N" # 43. "M" # 110. "Indian Principes" "L". So I'll
Still need the one bought of you to complete my
Collection. Can you therefore take it back and
furnish me the price paid therefor in some other
pieces, of which I shall send you a list as
Soon as I get time to know what I want?
Hope by this time you are able to get around
without assistance of Stick bandage or Crutches.
Please say to your Father that I enquired for
his Nephew, employed by Hopper James Overton & Son
Co. Met him and gave the message, "He's
all right" and with a good grin.

Very respectfully
Yours Lindsley
